Gentlemen:

A check of the file on your Stewart 28 No. 1 in Unit M of Section 28, T-23-S, R-37-E shows that although a notice was sent to you on May 1, 1956 stating that you had until July 3, 1956 to either obtain a casinghead gas connection or make application for an NFO Order, no action has been taken on this matter. To avoid cancellation of the allowable for this well, it will be necessary for you to immediately either make application for an NFO Order or file Form C-110 showing a gas connection.

Yours very truly,

OIL CONSERVATION COMMISSION
