Gentlemen:

It has come to our attention, that the well referenced above currently is an active injection well. According to our C115 production data, there has not been any injection volumes for this well since November 1997. Our current wellfile records show this well to have an approved Temporary Abandon status until February 16, 2004.

The OCD requests that you submit a Sundry C-103 stating the description of the work done and the date this well was placed back on injection.

If you have any questions, please contact Sylvia A. Dickey @ 393-6161 ext. 112.

Sincerely,

CHRIS WILLIAMS
