Re: E.E. Blinbry A Fed NCT-1 Com #3-K 31-23-37
Jalmat Pool

This well was completed as a Jalmat gas well in March 1991 and it shares a gas proration unit with your #2-1 31-23-37.

Attached is a copy of your C-116 which will cause this well to be reclassified to an oil well in the Jalmat Pool. The reclassification of this well to oil will require that you have the 355.96 ac proration unit reduced by the deletion of this 40 acres.

You may wish to submit another test if you think the well should still be classified as a gas well.

Please contact Evelyn Downs or Donna Pitzer at 393-6161 and advise what you will do.

Thanks,

Evelyn
