**Remarks**

At the present time all of the gas being produced from State JL-1 is being used by the pumping unit engine to pump the well except for occasional small volumes flared during spurts in production. A supply of butane has been made available at the well during periods in which gas production is insufficient to keep the pumping unit in operation.

The undersigned certifies that the Rules and Regulations of the Oil Conservation Commission have been complied with.

Executed this the 10th day of July, 19 61.
