Re: Temporary Permission To Surface Commingle
Teague Devonian and Undesignated Abo Production
E. C. Hill D Federal Lease Sec. 34 & 35, T23S, R37E

Gentlemen:

Permission to temporarily commingle the above-referenced production is hereby granted for 30 days. During this time you will need to get the Abo zone tested and submit your official application to surface commingle to our Santa Fe office as required by Rule 303-A.

As I indicated in my May 31st letter, this location is within a mile of the Teague Abo Gas pool and should the well be completed as a gas well it will be placed in the Teague Abo Gas Pool and as required by our rules, the gas from a gas well must be separately metered.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
