13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Re: Incident of Non-Compliance AJM-063-97

Continue SI/TA status, waiting on outcome of E. C. Hill "B" Federal #24 (Teague Simpson) well. Cores have been taken in both the Glorieta and Paddock formations. A "Geological Study" is currently underway to determine the potential of the Paddock & Glorieta.

The Hill D #5 well is a potential recompletion candidate for primary and possibly secondary recovery project.

A successful casing integrity test is required before further TA status will be granted. Submit within 60 days,

11/5/97
