Re: Application for Dual Completion, G. D. Riggs "B" Well No. 6, Lea County,
New Mexico.

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Attached is Tidewater's Application for Dual Completion for its G. D. Riggs "B" Well No. 6 located 660 feet SNL and 560 feet WEL, Section 1, Township 26 South, Range 37 East, Lea County, New Mexico. Tidewater plans to complete this well as a dual oil completion in the Justis (Tubb Drinkard) and Justis (Blincy) Pools. It is anticipated that both zones will produce oil and will flow initially.

Also attached is a copy of the plat showing the area immediately surrounding Tidewater's G. D. Riggs "B" Lease and a diagrammatic sketch of the proposed dual completion. A copy of the letter to offset operators requesting a waiver consenting to this dual completion has been attached. Logs of the well and waivers from offset operators should be mailed this week.

It is respectfully requested that Tidewater Oil Company be granted the Administrative approval for this Application as provided for under OCC Rule 112-A.

Respectfully,

TIDEWATER OIL COMPANY

C. L. Wade
C. L. Wade,
Area Superintendent
