Gentlemen:

On June 5, 1957 a survey was made to locate your Farnsworth "B" Well No. 5 at a point 1980 feet from the South line and 660 feet from the West line of Section 7, Township 26 South, Range 37 East, N.M.P.M., Lea County, New Mexico.

A flag was set on the U.S.G.L.O. $\frac{1}{4}$ corner marker common to Sections 7 and 12, then the Transit was set at the U.S.G.L.O. Section corner marker common to Sections 7, 12, 13 and 18, thence sighting at flag we chained 1980 feet, thence we chained East 660 feet to the location. As a check we chained South 1980 feet, and west 660 feet to the Section corner marker checking in with a minnum of error.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.
