Attention: Mr. A. L. Porter, Jr.

Re: Application for Dual Completion (Conventional), G. D. Riggs "B" Well
No. 8, Unit B, Section 1, T26S, R37E, Lea County, New Mexico.

Gentlemen:

Please find attached Tidewater's Application for Dual Completion for its G. D. Riggs "B" Well No. 8. It is proposed to complete this well as a conventional dual completion in the Justis Blinbry and Justis Tubb-Drinkard Pools. Production will be through parallel strings of 2-1/16 inch integral joint tubing.

Also attached is a plat showing the locations of G. D. Riggs "B" No. 8 and all offset wells, a diagrammatic sketch of the proposed dual completion and a correlated copy of the electric well log. Waivers from offset operators have been requested and should be mailed to the Commission this week.

It is respectfully requested that Tidewater Oil Company be granted administrative approval for this application as provided for under NMOCC Rule 112-A.

Very truly yours,

TIDEWATER OIL COMPANY

C. L. Wade
C. L. Wade,
Area Superintendent
