September 24, 1949

New Mexico Oil Conservation Commission
Box 1545
Hobbs, New Mexico

Attention: Clarene Gardner, Secretary

Dear Madam:

In your letter of September 22, 1949 concerning Certificate and Authorization to Transport Oil for the El Paso Natural Gas Co., #1 State "A" Well, located in sec. 16, T.26S, R.37E, Rhodes Pool, Lea County, you state that you have no record of this well being drilled.

I am sending a copy of the Well Record which was drilled by Great Western Producers, Inc. This well was subsequently Operated by Western Gas Company and is now Owned and Operated by El Paso Natural Gas Co.

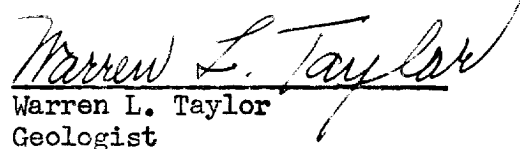

It is my belief that perhaps you carry this well as being Operated by Great Western Producers, Inc. or by Western Gas Company. We have records showing that such authorization has been granted in the past to Western Gas Company.

I trust that the above and included information will be adequate for our request to be approved. If further information is needed, please let me know and we will be happy to comply.

Any immediate attention which you will give the above request will be appreciated.

Very truly yours,

EL PASO NATURAL GAS COMPANY

Warren L. Taylor
Geologist
