# MINERAL POLICES AND REPORTS ON WELLS

MINERAL POLICES AND REPORTS ON WELLS  
The following is a list of the wells which have been drilled in the State of California, and the results of the same, as reported by the owners thereof, to the Geological Survey, during the year 1900. The wells are listed in alphabetical order of the names of the owners, and the results of the same are given in the following table.

Wells drilled in the State of California, during the year 1900, and the results of the same, as reported by the owners thereof, to the Geological Survey.

Wells drilled in the State of California, during the year 1900, and the results of the same, as reported by the owners thereof, to the Geological Survey.
