13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Well is currently a shut-in water injection well with tubing and packer in the hole.
We were incorrectly reporting well as "TA" on monthly MMS form 3160. This form also
serves to correct BLM form 3160-5 filed 12/22/94.
