13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Well is currently temporarily abandoned. Holding well for future secondary recovery operations once 20 acre infill drilling program is completed. Due to depressed oil prices, plans for completing infill drilling program have been placed on hold for the near future. Well is mechanically intact as an injection well with tubing and packer in the hole.
