Dear Mr. Kerrin: I advise you that this office inadvertently assigned an allowable for your Pecos State, well No. 1-H, Section 32, Township 26 North, Range 37 East, Joliet Oil Pool is allowed. The allowable was assigned on the basis that this unit had 40 acres instead of the 33.08 acres that the land actually contains. Therefore, it is requested that the production be reduced in order to make up this over-production that we calculate as 80 barrels in excess of what should have actually been assigned the well. The following breakdown indicates the allowable as actually assigned and what should have been assigned:
