RE: Pike-Federal

Lea County, NM

Dear Donna:

Per our conversation on the morning of October 9, 1991 I am confirming that the Pike-Federal has been down hole commingled and that there is just one meter for Warren on the lease. The gas meter is #194, and the well is producing from three zones (Blaine, Tubb and Brunson Drinkard Abo, South)..

Thank you for your assistance.

Very truly yours,

Rhonda Hunter
