17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

On April 4, 1974, the New Mexico Oil Conservation Commission approved temporary abandonment. A workover in January of 1974 to recomplete this well from the Fusselman to the Devonian was unsuccessful and well only produced a trace of oil. It is presently planned to convert this well to a salt water disposal well in the second quarter of 1976. Skelly Oil Company respectfully requests that a one year extension (from this date) be granted administratively as per New Mexico Oil Conservation Commission Order No. R-5019.

Expires 10-1-76

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
