INSIDE COUPONS

This form must be filled out and filed with the District Office of the Oil Conservation Commission covering each unit from which oil or gas is produced. One copy of this form shall be filed for each transporter authorized to transport oil or gas from the unit. Said certificate has been approved by the Oil Conservation Commission and shall be forwarded to the transporter, one copy retained by the transporter, and two copies retained by the Oil Conservation Commission.

A new certificate shall be used to cover each change in operating ownership and each change in the transporter, except that in the case of a temporary change in the transporter involving less than an allowable modification or one proration period, the operator shall in lieu of filing a new certificate notify the Oil Conservation Commission District Office, and the transporter authorized by certificate on file with the Commission, by letter of the estimated amount of oil or gas to be moved by the transporter temporarily, the oil or gas from the unit and the name of such temporary transporter and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipeline connection and authorization to transport oil and gas from the property named therein and shall remain in full force and effect until:

- (a) Operating ownership changes.
- (b) The transporter is changed or
- (c) The permit is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time the report is filed, explain fully under the heading "REMARKS."

In all cases where this certificate is used to cover a change in operating ownership or change in the transporter designated to move oil or gas, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate certificate shall be filed to cover each production unit as designated by the Oil Conservation Commission.
