INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Commission not later than 30 days after the completion of any newly-drilled or reworked well. It shall be accompanied by a copy of the electrical and radioactivity logs run on the well and a summary of all special tests conducted, including drill stem tests. All formations reported shall be measured to their true vertical depth. In the case of horizontally drilled wells, true vertical depth shall also be reported. For multiple completion wells, the formation shall be reported for each zone. The form is to be filed in duplicate except on state land, where six copies are required. See Rule 11.5.
