Mr. Joe Leonard
Leonard Oil Co.
Box 38
Roswell, New Mex.

Dear Mr. Leonard:

A check of the file on your Ginsberg Federal No. 6 in Unit E of Section 3-253-38E indicates that as yet a gas connection nor an NFO order has been obtained as required by Order R-553.

It is necessary to obtain an NFO order on each well and not on a lease basis which I am sure has been your interpretation. The NFO order should have been obtained by June 5, 1956.

Yours very truly,
OIL CONSERVATION COMMISSION
