## SUNDRY NOTICES AND REPORTS ON WELLS

JUN 30 1960

U. S. GEOLOGICAL SURVEY  
400BS, NEW MEXICO

NOTICE OF INTENTION TO DRILL.....	SUBSEQUENT REPORT OF WATER SHUT-OFF.....
NOTICE OF INTENTION TO CHANGE PLANS.....	SUBSEQUENT REPORT OF SHOOTING OR ACIDIZING.....
NOTICE OF INTENTION TO TEST WATER SHUT-OFF.....	SUBSEQUENT REPORT OF ALTERING CASING.....
NOTICE OF INTENTION TO RE-DRILL OR REPAIR WELL.....	SUBSEQUENT REPORT OF RE-DRILLING OR REPAIR.....
NOTICE OF INTENTION TO SHOOT OR ACIDIZE.....	SUBSEQUENT REPORT OF ABANDONMENT.....
NOTICE OF INTENTION TO PULL OR ALTER CASING.....	SUPPLEMENTARY WELL HISTORY.....
NOTICE OF INTENTION TO ABANDON WELL.....	<b>Subsequent Report of Drill Stem Test X</b>

(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

(State or Territory)

The elevation of the derrick floor above sea level is 3031 ft.

## DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

6-27-60 Drill Stem Test #7: Interval 12,475 to 12,509' - Tool open 2 hrs. Weak blow and died. Recovered 30' salt water cut mud, 5' free salt water, 15" ISIP 4940#, I.F. 898, F.F. 898, 30" FSIP 4460#.

6-28-60 Drill Stem Test #8: Interval 12,502 to 12,600' - Tool open 2 hrs. Weak to good blow throughout test. Recovered 500' salt water, 60' salt water cut mud, 15" ISIP 5035#, I.F. 1010#, F.F. 1165#, 30" FSIP 4265#.

6-29-60 Drill Stem Test #9: Interval 12,597 to 12,646' - Tool open 2 hrs. Weak to strong blow throughout test. Recovered 3100# gas in drill pipe, 60' free oil, 210' gas cut mud, 270' salt water, slight sulphur odor. 15" ISIP 4785#, I.F. 955#, F.F. 1125#, 30" FSIP 4075#.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track every aspect of their operations, from procurement to sales, to ensure that all data is reliable and accessible.

2. The second part of the document addresses the challenges of data management in a rapidly changing environment. It highlights the need for continuous monitoring and updates to data systems to reflect current trends and requirements. The author argues that organizations must invest in advanced technologies and skilled personnel to effectively manage and analyze large volumes of data, ensuring that the information remains relevant and actionable.

3. The third part of the document focuses on the importance of data security and privacy. It discusses the various risks associated with data breaches and the potential consequences for an organization's reputation and financial stability. The text provides recommendations for implementing strong security protocols, including encryption, access controls, and regular security audits, to protect sensitive information from unauthorized access.

4. The fourth part of the document explores the role of data in decision-making and strategic planning. It argues that data-driven insights are crucial for identifying opportunities, assessing risks, and making informed decisions. The author suggests that organizations should foster a culture of data literacy, where all employees are encouraged to use data to inform their work and contribute to the organization's overall success.

5. The fifth part of the document discusses the importance of data governance and compliance. It outlines the various regulations and standards that organizations must adhere to, such as GDPR and HIPAA, and emphasizes the need for a clear framework of policies and procedures to ensure compliance. The text also highlights the importance of regular training and awareness programs to ensure that all staff understand their responsibilities regarding data protection.

6. The sixth part of the document addresses the issue of data integration and interoperability. It discusses the challenges of combining data from different sources and systems to create a unified view of the organization's data. The author suggests that organizations should adopt standardized data formats and protocols to facilitate seamless integration and ensure that data is consistent and reliable across all platforms.

7. The seventh part of the document discusses the importance of data archiving and backup. It emphasizes that organizations must have a reliable system in place to store and retrieve historical data, ensuring that it is protected from loss and corruption. The text provides guidance on selecting appropriate storage solutions and implementing a robust backup strategy to safeguard the organization's data assets.

8. The eighth part of the document discusses the importance of data retention and disposal. It outlines the various factors that determine how long data should be kept, such as legal requirements and business needs, and provides recommendations for implementing a data retention policy. The text also discusses the importance of secure data disposal methods to ensure that sensitive information is properly destroyed and cannot be recovered.

9. The ninth part of the document discusses the importance of data sharing and collaboration. It argues that organizations should encourage the sharing of data across different departments and teams to foster innovation and improve performance. The text suggests that organizations should establish clear guidelines for data sharing, ensuring that data is shared securely and only with those who have a legitimate need for it.

10. The tenth part of the document discusses the importance of data ethics and responsible data use. It outlines the various ethical considerations that organizations must take into account when collecting, processing, and using data, such as transparency, fairness, and respect for individual privacy. The text provides recommendations for implementing a data ethics framework to ensure that organizations use data in a responsible and ethical manner.
