Re: Farnsworth SWD #1-N
Section 7, T-26-S, R-37-E
Lea County, New Mexico

Dear Mr. Sexton:

Per our conversation, please find enclosed the pressure chart requested by your office. All indications from this test are that the tubing and packer are mechanically sound, and that at this time our well is in compliance with state requirements. If this information is not sufficient or if we can be of any assistance, please feel free to contact us.

Thank you,
BRUCE A. WILBANKS COMPANY

Scott Sommer
