13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Conoco requests renewal approval of the Temporary Abandon status for this well. A valid MIT was run on 10/7/96 and should be on file with your office.

We are evaluating the potential of a possible recompletion in the Jalmat formation.
