3/31/99. The original temporary abandonment status was approved on 5/3/95 based upon the results of a casing in	and zones pertinent to this work,)*.
requests TA status on this well through 3/31/2000. A copy of the 3/31/95 test chart is on back.	si for 30 minutes. TEPI
Justification: A \$2,400,000 Cotton Draw 3D seismic acquisition was completed in late 1995. Texaco is processing	the 3D survey. Texaco would
like to hold the deeper Cotton Draw wells in idle/TA status until the seismic data can be completely analyzed.
