Attention: Mr. Darol K. Ramey

Gentlemen:

This office recently placed your Susan Federal No. 1 located in Unit A of Section 18, T-23-S, R-38-E in the Drinkard Pool. This well is evidently a dual completion in the Drinkard and Abo formations, since production has been reported for both zones. Our placing this well in the Drinkard Pool will enable you to produce the well from both these zones, and the well will be considered a single Drinkard-Abo completion.

On Form C-115, Monthly Operator's Report, please report all production from both zones under the Drinkard Pool section and drop all reporting under the Wantz Abo.

Yours very truly,

OIL CONSERVATION COMMISSION
