Midland, Texas 79701

Gentlemen:

Your Application for Permit to Drill well No. 7 C. W. Shephard (b) in the NW 1/4 sec. 6, T. 26 S., R. 37 E., Lea County, New Mexico, lease LC 030177(b), was approved October 12, 1971.

Since drilling operations were not commenced within 90 days after approval, the Permit to Drill is hereby cancelled.

If you should desire to drill the well at some future date, an Application for Permit to Drill may be resubmitted at that time.

Sincerely yours,

(Oug. Sgd.) ARTHUR R. BROWN

Arthur R. Brown  
District Engineer

1. *Chlorophyll a* and *Chlorophyll b* were determined by the method of Arar and Collins (1971) using a Shimadzu 1010 spectrophotometer. The concentration of chlorophylls was expressed in mg g<sup>-1</sup> of dry weight.

the 1990s, the number of people in the world who are illiterate has increased from 400 million to 600 million. The number of illiterate people in the world is expected to reach 700 million by the year 2015. The number of illiterate people in the world is expected to reach 800 million by the year 2020. The number of illiterate people in the world is expected to reach 900 million by the year 2025. The number of illiterate people in the world is expected to reach 1 billion by the year 2030. The number of illiterate people in the world is expected to reach 1.1 billion by the year 2035. The number of illiterate people in the world is expected to reach 1.2 billion by the year 2040. The number of illiterate people in the world is expected to reach 1.3 billion by the year 2045. The number of illiterate people in the world is expected to reach 1.4 billion by the year 2050. The number of illiterate people in the world is expected to reach 1.5 billion by the year 2055. The number of illiterate people in the world is expected to reach 1.6 billion by the year 2060. The number of illiterate people in the world is expected to reach 1.7 billion by the year 2065. The number of illiterate people in the world is expected to reach 1.8 billion by the year 2070. The number of illiterate people in the world is expected to reach 1.9 billion by the year 2075. The number of illiterate people in the world is expected to reach 2 billion by the year 2080. The number of illiterate people in the world is expected to reach 2.1 billion by the year 2085. The number of illiterate people in the world is expected to reach 2.2 billion by the year 2090. The number of illiterate people in the world is expected to reach 2.3 billion by the year 2095. The number of illiterate people in the world is expected to reach 2.4 billion by the year 2100.

2.  $f$  is a function from  $\mathbb{R}$  to  $\mathbb{R}$ .

(1) The fact that I did not know the name of the person who was  
the first to see the body, and that I did not know the name of the person  
who was the first to see the body, is not a sufficient basis for concluding  
that I did not know the name of the person who was the first to see the body.
