Gentlemen:

Getty Oil Company requests a cancellation of its Notice of Intent, dated 10/28/82, regarding Skelly Penrose "A" Unit Well No. 63, located in Section 3-T<sup>2</sup><sub>2</sub>S, R37E of Lea County.

The planned workover was designed to repair a waterflow from the 8 5/8" x 5 1/2" casing annulus. This waterflow has ceased and the workover is not necessary at this time.

A bradenhead survey is requested to be performed on the well in the near future. Any remedial work needed to be done on the well as a result of the survey will be performed. A new intent will be submitted at that time.

If there are questions or if further information is needed, please contact the Hobbs Area Office.

Yours very truly,

GETTY OIL COMPANY
