17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

After a study of subject well, it was determined that the workover as proposed was too high a risk to be justifiable. No remedial work was done on this well. Well was shut down on November 6, 1980 because of high water production.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
