Re: Reclassification of Well -- Jalmat Pool
Vaughn A-14 Well #7-N
Section 14, T24S, R36E

Gentlemen:

According to the recently submitted gas/oil ratio test for the above-referenced well, it will be reclassified from an oil well to a gas well in the Jalmat Pool effective July 1, 1990, and the oil allowable cancelled effective that date.

If for some reason you feel this test does not properly reflect the classification of this well, please submit another test for our consideration by May 31, 1990.

If the well is to be reclassified to gas, please furnish this office with a revised acreage dedication plat, Form C-102, outlining the acreage to be dedicated to this gas well. Also, if the gas transporter changes due to reclassification, please submit Form C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION
