13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

In accordance with our approval to leave subject well in a temporarily abandoned status, a successful MIT was run 11/29/00. Chart is attached.

This is to request approval to leave the above well temporarily abandoned.

This well is being held in a TA'd status pending a possible recompleat in the Atoka zone (in which we have had success in that area).

Due to some possible offset activity, we have been unable to complete our evaluation as anticipated. Therefore, we are requesting approval leave the well in a TA'd status one year for further evaluation purposes.
