Sec. 36, T-23-S, R-36-E

Dear Mr. Sexton:

As requested in your letter of November 8, 1979, please find enclosed two copies of a Revised Form C-102 for our above noted Maralo State No. 1 well, located in N-36-23S-36E.

Also enclosed for your review is a copy of NMOCD Order R-6138 which dedicated the E/2 SW/4 Section 36, T-23-S, R-37-E to our Maralo State No. 1. Under the Farmout Agreement with Maralo Inc., the Maralo Shell "C" State No. 2, (a highly marginal dual Jalmat-Langlie Mattix producer) located 990' FSL and 1650' FWL of Section 36, T-23-S, R-36-E, will in the very near future either: 1) be abandoned in the Jalmat interval and turned over to Getty Oil Company for use as a Langlie Mattix producer in the Myers-Langlie Mattix Unit waterflood; or,

2) be plugged and abandoned.

Very truly yours,

DOYLE HARTMAN
