Gentlemen:

Due to the recently submitted gas/oil ratio test the above-referenced wells will be reclassified from gas to oil effective July 1, 1989.

If for some reason you feel this test does not reflect the proper classification of the wells, please submit another test for our consideration by May 26, 1989.

Also, if these wells are to be reclassified to oil, please submit to this office a revised acreage dedication plat for each well outlining 40 acres dedicated to oil proration unit. Also, if the transporters change as a result of reclassification, please submit Form C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION
