Gentlemen:

This is to advise that on April 25, 1983 the Amoco Production Company's Perro Grande Ut. #1 - Jabalina Morrow gas well located in Unit J of Section 6, Township 26-S, Range 35-E, Lea County, New Mexico was temporarily disconnected from El Paso Natural Gas Company's gathering system. This meter is blind plated and will remain on location temporarily, but inoperative, until permanent status of the measuring arrangement is determined.

This disconnection was due to inability of well to produce into El Paso's high pressure gathering system.

Yours truly,
