Salt Water Disposal Well (R-7806)

Gentlemen:

Our records indicate that you are currently using the above well for disposal of produced water. We do not have a report covering the completion of the well for disposal. This information should be filed on a sundry notice with the BLM and they in turn furnish us with a copy. You are requested to file this sundry notice with the BLM and send a copy to this office. This notice should include the date the well was placed on disposal, where the tubing and packer were set and a statement concerning the pressure testing of the tubing and packer prior to commencing disposal.

Also, we do not have a Well Completion Report (BLM Form 9-330) for this well. If this has been filed, please furnish a copy to this office. If it has not been filed with the BLM, please do so in order that this file may be closed.

Very truly yours,
