Re: Exxon Federal #2-M (SWD - R-7973)
Section 9, T26S, R32E

Gentlemen:

It appears you have used the above-referenced well for disposal of produced water. The well has been authorized for use as a disposal well; however, our files do not indicate that you have filed a subsequent report of the conversion of the well. This report should include where the packer is set, and the injection interval, a statement concerning the testing of the tubing and packer, and when disposal was commenced.

If this report was filed with the Bureau of Land Management, please furnish us with a copy. If the report has not been filed, please do so immediately and send a copy to this office.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
