Re: Filing of radio-activity and electrical logs

Gentlemen:

Rule 1108 of the Division's Rules and Regulations requires that one copy of all electrical and radio-activity logs run on a well be supplied to the appropriate district office of the Oil Conservation Division.

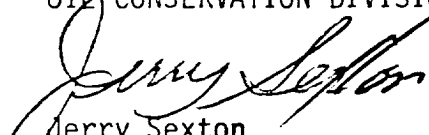

As of this date, we have not received this information on the following wells:

Graham Federal No. 2-N 22-24-32

Exxon Federal No. 2-M 9-26-32

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1

If no logs were run, please make a statement to that effect in the space below. If the logs have been run and will be supplied later, please so indicate.
