Sec. 34, T24S, R34E

Gentlemen:

The above-referenced well was recompleted as an oil well in the Strawn formation. You will need to submit an acreage dedication plat, Form C-102, for the Strawn completion. You will need to outline the 40-acres dedicated. Also, if the dedicated acreage is no longer communitized, you will need to file a C-104 changing the lease name to Moore "34".

Very truly yours,

OIL CONSERVATION DIVISION

*1990 called Jeanette at Wilbanks Co. and  
Plat. She said she had a copy of the plat  
and she had a copy of the lease to get  
signed by her.*
