Re: Reclassification of Well -- Jalmat Pool  
Cooper "B" #5-C Sec. 14, T24S, R34E

Gentlemen:

According to the recently submitted gas/oil ratio test for the above-referenced well, it will be reclassified from an oil well to a gas well in the Jalmat Pool effective July 1, 1991, and the oil allowable cancelled effective that date.

This test does not conform to the previous characteristics of this well and if you feel this test does not properly reflect the classification of this well, please submit another test for our consideration by May 17, 1991.

If the well is to be reclassified to gas, please furnish this office with a revised acreage dedication plat, Form C-102, outlining acreage to be dedicated to gas well. Also, if the gas transporter changes due to reclassification, please submit Form C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
