17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Due to not being able to find a Drilling Contractor with either 3½" or 4" slim hole drill pipe until February or March of 1988, it is requested to change plans to a conventional hole and casing size so the well can be commenced this year. The following proposed well change is as follows:

ORIGINAL PLAN

Hole Size	Csg. Size	Wt./Ft.	Depth Set	Amount of Cement
11"	7 5/8"	24#	415'	250 sx Class C + 2% CaCl
6 3/4"	4 1/2"	9.5#	5100'	300 sx Class C + 5#/sk salt

CHANGE PLAN TO

12 1/4"	8 5/8"	24#	0-415'	300 sx Class C + 2% CaCl
7 7/8"	4 1/2"	9.5#	0-5100'	300 sx Class C + 5#/sk salt

18. I hereby certify that the foregoing is true and correct
