Re: Filing of radio-activity and electrical logs

Gentlemen:

Rule 1105 of the Division's Rules and Regulations requires that one copy of all electrical and radio-activity logs run on a well be supplied to the appropriate district office of the Oil Conservation Division.

As of this date, we have not received this information on the following wells:

Conoco A Federal #1-G Sec.19, T26S,R32E

NOTE: Please submit notarized list of deviation surveys for this well. *10/1/89*

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Jerry Sexton
Supervisor, District I

If no logs were run, please make a statement to that effect in the space below. If the logs have been run and will be supplied later, please so indicate.

There were no logs run on this well, the hole was so unstable that total depth
was not reached.
