Re: Downhole Commingling  
E.C. Hill "D" Federal No. 6  
DHC - 758

Dear Mr. Sexton:

After commingling the subject well, testing indicated daily production of 18.5 BO + 7.1 BW + 86 MCF.

I am requesting by this letter that the allocation formula be set for each zone pursuant to that paragraph authorizing same in DHC-758.

Should you require additional information, please contact me.

Sincerely,

David Miller
