12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The above well was previously a dual completion producing from the Wildcat Drinkard and the Wildcat Abo zones. September 26, 1994, the Division Director issued an order (Order # R-10199) to consolidate the two above zones and call the new zone the North Teague Drinkard - Abo. Because of the new pool, Texaco on October 25, 1994, moved the packer in the subject well from 6625' uphole to 6232'. The packer no longer separates the Drinkard zone from the Abo zone.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
