RE: Cancellation of API # 30-025-33522

Gentlemen:

Per your letter dated January 2, 1997, on the Bell Lake 7 Unit #1-G, Section 7, T-24s, R-34e 2200/N & 1980/E with API #30-025-33522 is to be canceled because the relocation of this well will be on patent land. To date no progress reports have been received. Therefore, approval of your permit to drill this well is canceled and no drilling operating are to be initiated without further notice to and approval by the Oil Conservation Division. Pending such approval, this will be considered as an abandoned location.

Also on January 2 a new intent to drill the Bell Lake 7 Unit #1 was re-submitted to the District I Hobbs office with the new location being Section 7, T-24s, R-34e, 1980/S & 1980/E. A new API #30-025-33815 was assigned.

If you have further questions on this matter, please call the District I Hobbs office (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION
