17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This is a well drilled and completed in the Salado (Salt Section) formation. A cavity of approximately 50,000 bbls. was created in the Salado formation for use to store liquefied petroleum gas. This well is non-productive of oil or gas or any other mineral. This well will never be changed from the Salado formation and will never be productive of any salable mineral. This completion, as reported on the N.M.O.C.C. well record has remained the same and will not be changed.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
