Dear Mr. Dimit:

In reply to your telegram of December 20th regarding approval of your Notice of Intention to Drill the McCormick #1 Well in Sec. 18, Township 25S, Range 35E, please be advised that this well is on Government Land and permission must be obtained from the U. S. Geological Survey, Roswell, New Mexico, rather than the Oil Conservation Commission.

I am sorry I did not advise you of this as soon as I received the Form C-101, but several of the companies send us a copy for our files at the same time they request permission to drill from the Government.

Very truly yours,

OIL CONSERVATION COMMISSION
