Pool

Gentlemen:

Pursuant to our telephone conversation concerning the above captioned well, this is to advise that the gas produced from this well since September, 1959 is chargeable gas. It will, therefore, be necessary that you obtain an allowable for this well.

In checking our records it appears that all the necessary forms have been submitted for this well and all that will be necessary to obtain an allowable will be a deliverability test. Will you, therefore, schedule this well for a deliverability test at your earliest convenience.

Yours very truly,

OIL CONSERVATION COMMISSION
