Gentlemen:

Our records indicate that your Dinnin "A" Well No. 2 located in Unit J of Section 23, T-20-S, R-33-E, and E. J. Wells No. 2 located in Unit G of Section 12, T-25-S, R-36-E, have been converted for utilization as salt water disposal wells. However, Forms C-120-A covering disposal operations are not being submitted. If the wells are being used for disposal, please submit Forms C-120-A from the time that disposal began.

Our file for your Federal 23 Well No. 11 located in Unit F of Section 23, T-7-S, R-33-E, indicates that it is a water injection well in the Chaveroo San Andres Pool, but it is not being reported on Form C-120. If the well is being used for injection, it will be necessary that you report it on Form C-120.

Yours very truly,

OIL CONSERVATION COMMISSION

Tennessee Oil
P. O. Box 100
Nashville, Tennessee 37201

Gentlemen:

Our records indicate that you drilled Well No. 11 located in Unit 1 of Section 28, T-2N-R-3E, and Well No. 12 located in Unit 2 of Section 12, T-15N-R-3E, both being converted for utilization as salt water disposal wells. However, Form O-120, covering disposal operations and not being submitted. If the wells are being used for disposal, Form O-120 must be filed from the time that disposal begins.

Our files show that Federal 28 Well No. 11 located in Unit 1 of Section 28, T-2N-R-3E, indicates that it is a water injection well in the Chavez-San Andres Pool, but it is not being reported on Form O-120. If the well is being used for injection, it will be necessary that you report it on Form O-120.

Yours very truly,

Oil Conservation Commission
