State Oil & Gas Inspector

Dear Pete:

I have a copy of your letter of January 8 to the New Mexico Exploration Co., Ltd., Los Angeles, Calif., regarding the Guess-Conditt Well No. 1.

Yesterday I talked with Mr. Lem White in Santa Fe regarding this well. Mr. White has an important interest in it.

I suggest that you discuss the situation with Mr. Bill Owens, who, I understand, is in charge at the lease. Possibly Mr. Owens can present a plan for remedial work that will relieve the situation and at the same time involve only a moderate expenditure.

Mr. White tells me that Mr. Guess is still quite ill and may not be able to be on the job for sometime. Under the circumstances it is desirable not to burden him with this matter at the present time.

Very truly yours,

State Geologist
