

NEW MEXICO STATE LAND OFFICE
SANTA FE, NEW MEXICO

DEPARTMENT OF THE STATE GEOLOGIST

NOTICE OF INTENTION TO TEST WATER SHUT-OFF

Notice must be given to the State Geologist or to the proper Oil and Gas Inspector at least five days before the test. It is desirable that a representative of the Department of the State Geologist witness the water shut-off before drilling into the productive sand whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to sender. Submit this notice in triplicate.

Hobbs, N. Mex., ~~January~~ January 5, 1935

Mr. F. J. Vesley,

State Geologist,
Santa Fe, New Mexico.

Dear Sir:

You are hereby notified that we intend to test the shut-off of water in our W.F. Hansen

Well No. 2 in N/2 SW4 of Sec. 12, T. 25, R. 36,

N. M. P. M., Jal Oil Field Lea County,

on January 7th, 1935. 7" OD in. 24 lb. casing was hand cemented in Lime formation at a depth of 3323' feet on January 5th, 1935

375 sacks of Cement (Atlas Universal common) cement were used.

The method used in placing the cement was as follows: 225 sacks in bottom and 150 sacks on two stage job

Fluid level will be bailed to a depth of 3323' feet and left undisturbed for at least 12 hours before your inspection.

Adjacent property owners have been notified as follows:

Additional information:

DUPLICATE

Approved JAN 10 1935 19

Except as follows:

Sincerely yours,

REPOLLO OIL COMPANY

Company or Operator.

By F. J. Vesley

Position Clerk

Send communication regarding well to

Name L. Surret

Address Drawer P, Wink, Texas.

F. J. Vesley
State Geologist or Oil and Gas Inspector.

changes will be returned to sender. Submit this notice as indicated in the proposed plan and considered advisable a copy of the notice showing such the water shut-off before drilling into the geosynthetic sand whenever possible. It contains before the test. It is desirable that a representative of the Japan Institute of the Stone Technology will be invited to meet be given to the Stone Technology as to the proper Oil and Gas Inspector of your live drilling

STATE OF NEW YORK
IN SENATE
JANUARY 11, 1906.
REPORT
OF THE
COMMISSIONERS OF THE LAND OFFICE.
ALBANY:
J. B. LIPPINCOTT & COMPANY, PRINTERS.
1906.

1210 1000 0016
000000 0000 000000

1. The first part of the document is a letter from the President of the United States to the President of the Senate, dated January 1, 1901. The letter is signed by William McKinley and is addressed to John D. Long. The letter is a copy of a letter that was sent to the President of the Senate by the President of the United States. The letter is a copy of a letter that was sent to the President of the Senate by the President of the United States.

1. The first part of the document is a letter from the author to the reader, dated 1954. It discusses the author's interest in the subject of the book and the reasons for writing it. The author mentions that he has been interested in the subject for many years and that he has been collecting material on it for a long time. He also mentions that he has been writing about it for many years and that he has been publishing his work in various journals and books. The author concludes the letter by stating that he hopes the reader will find the book interesting and useful.

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) are bounded and tend to zero as $t \rightarrow \infty$ if the matrix A is stable. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$ if the matrix A is not stable. It is shown that the solutions of the system (1) are bounded and tend to zero as $t \rightarrow \infty$ if the matrix A is not stable and the matrix B is positive definite.
