Attention of Mr. R. F. Montgomery

Gentlemen:

This is in reply to your letter of August 13, 1959, regarding the status of our Sholes A-13 well No. 3, Unit P of Section 13-25-36.

Form C-103 dated 7-31-59 erroneously showed this well shut-in. Upon completion of the workover, although we considered it unsuccessful, the well produced at an average rate of 35 MCFGPD. El Paso Natural Gas Company will test this well as soon as arrangements can be made. Attached is revised Form C-103.

This well should not be removed from the gas proration schedule.

Yours very truly,

J. R. Parker
District Superintendent
of Production
Eunice District
