

## NEW MEXICO OIL CONSERVATION COMMISSION

SEP 7 - 1950

SANTA FE, NEW MEXICO

## MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

On Sept. 5, 1950, 2835' of 7" 20# Casing was set and cemented with 350-Sacks Cement. After 8-Hours, temperature survey was run and it indicated that the cement had returned to within 500-FT. of surface. Plug will be tested on Sept. 7th, 1950 in the manner prescribed by the Commission.

Title

Oil &amp; Gas Inspector

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed.

3. The third part of the document presents the results of the study. It includes a series of tables and graphs that illustrate the findings of the research. The data shows a clear trend in the relationship between the variables studied.

4. The fourth part of the document discusses the implications of the findings. It highlights the potential applications of the research in various fields and the need for further investigation in this area.

5. The fifth part of the document provides a conclusion and a summary of the key points. It reiterates the importance of the research and the need for continued efforts in this field.

6. The sixth part of the document includes a list of references and a bibliography. It cites the works of other researchers in the field and provides a comprehensive overview of the current state of knowledge.

7. The seventh part of the document contains a list of appendices and supplementary materials. These include additional data, figures, and tables that support the main findings of the study.

8. The eighth part of the document includes a list of acknowledgments and a list of authors. It expresses gratitude to the individuals and organizations that supported the research and identifies the contributors to the work.

9. The ninth part of the document contains a list of footnotes and a list of references. It provides additional information and citations that are relevant to the study.

10. The tenth part of the document includes a list of appendices and supplementary materials. These include additional data, figures, and tables that support the main findings of the study.
